

# Pillow

Our heroine! Wholesome and passionate, this lovable cuddly fairy is a gift in every way. Unintentionally comic, she wears tubby in tutu well but neither notices nor cares preferring to show up in dungarees and sneakers, be kind and do her best. Sensitive to others, she unknowingly creates an uplifting atmosphere wherever she goes. With big emotions and a big heart she is a joy to be around. Possessing such an innocent, ego-free character makes her an ideal role model and she has a very strong moral compass. A law unto herself her current fairy skills are:-

- \* she can vanish at whim
- \* she can perform simple easy magic
- \* she can resize from regular to tiny
- \* she can fly in short hops as her wings are still growing
- \* her trusty wand obeys her at all times
- \* when she takes off, she emits a sparkling glow

To get from Starry Steps 9 to 1, the fairies training ladder, seems almost impossible given her limited tools and basic experience. But with no choice other than to go upwards or lose her wings, brave Pillow accepts her destiny. With eyes wide open, faithful wand at the ready, she kisses goodbye to her warm, fuzzy comfort zone to plunge headlong into the unknown, trusting that whatever happens will be for the best.

Pillow is much loved by her devoted parents but she hasn't had it easy growing up in her fairy kingdom. She knows she's not the typical fairy shape having enjoyed munching on fairy cakes yet has resisted pretending to be otherwise because that wouldn't be true to who she is. Her values and understanding about her worth are not based on her looks but arise from her generous, open heart and rightful actions and this motivates her to climb the Starry Steps ladder with honest intentions for the good of all.

She is a bit of a tomboy and gets on very well with boys who reluctantly admit to enjoy spending time with her and as a consequence, allow her into their private world. At the same time, girls hunger to be like her and own her courage, perseverance and confidence.
