

SERGEANT **PLUCKY**

Plucky tries hard to keep the peace in Tooblie-Town but being overweight means he gets easily puffed out and that, warns Doctor Loop, isn't good for his heart, nor is his choice of crusty bagels. Slow to react and thick-skinned, **Plucky's** not altogether sure what to make of **Pillow** as her type isn't listed in his 'How To Deal With Fairies' guide. Oddly he has a soft spot for Fizzy and tries to impress her whilst tumbling around on his rusty bike ensuring she never sees him avoid cycling up Tooblie Town hill. He also has a fear of dogs who seem to be drawn to his chunky ankles!
